We're able to expand our reach, increase the impact of the amazing work that our team does every day. While you read over this packet, please consider a deeper partnership with NJIT SHPE, one that spans beyond financial support. We urge you to consider one of the many free workshops you or your company can host, where you can help teach students the do's and don'ts of interviewing, or teach them about the importance of building a personal brand. Any and all support is greatly appreciated, and from the bottom of our hearts here at NJIT SHPE, we thank you for taking the time to read this packet.

Sincerely,
